ISLAY

Islay is the most famous of the Scottish whisky islands. It is often referred to as the queen among them. The majority of Islay's single malts have a wonderfully peaty, smoky, bold flavor - flavors that Islay whisky is loved for.

No other Scottish whisky region has as many distilleries as Speyside. This is not only due to the favorable location in the heart of Scotland: single malts from Speyside inspire with their mild, sweet and fruity aromas.

LOWLANDS

Single malts of the Lowlands are lighter in color than those of the Highlands and taste strongly reminiscent of their Irish brothers, since like them they are often distilled three times. They are generally very fresh and smooth, with floral, herbaceous or fruity aromas and a dry finish.

WHISKY

IRISH WHISKEY

Irish whiskey gets its distinctive flavor primarily from the use of a blend of unmalted and malted barley that is not peat-fired. In addition, Irish whiskey is distilled two or three times in the relatively large stills of the whiskey distilleries.
